

Welcome to Tribe Clinical Research! The health and wellness of our staff, patients, and monitors are Tribe Clinical Research's highest priority during this time of uncertainty. The following guidelines are in place for all monitoring activities at our site. Thank you for understanding.

### Monitoring Guidelines for On-site Visits during COVID-19

1. CRA to be pre-screened with the following questions:
  - a. Have you been exposed to anyone who has been tested for COVID-19?
  - b. Any concerns that you might have symptoms of COVID-19?
    - i. If either of the questions is answered "yes," please reschedule the CRA visit.
2. CRA must wear a mask when speaking with site staff. It will be up to the monitor's discretion to wear in monitoring area if no other personnel present. (Mask will be provided).
3. CRA to limit exposure to staff and utilize email or telephone to contact staff while at site.
4. All surfaces of monitoring space to be sanitized prior to monitoring visit and following visit.
