

Seeking Women Who Need a Colposcopy Due to Human Papillomavirus (HPV)

We are looking for women to participate in a clinical research study sponsored by Abbott who need to undergo a colposcopy due to Humanpapilloma Virus (HPV).

You may be eligible to participate if:

- You are 25 years of age and older
- You have been diagnosed with Human Papillomavirus (HPV) within the past 12 weeks
- You have been referred for a colposcopy.

Required study procedures and testing is covered by the sponsor. Compensation is also available.

To learn more about this study or to find out if you may qualify, please let the front desk staff or your provider know you are interested in learning more or contact:
